

# Stage 2 Water Restrictions

Effective September 1, 2020

## For Residential & Commercial Customers:

- No washing of sidewalks, driveways, parking areas, tennis courts, patios or other paved areas.
- No refilling of swimming pools with water furnished by the City.
- No non-commercial washing of motor vehicles except with a bucket or hose equipped with a positive shut-off nozzle.
- No new public or private landscaping installations except those required for erosion control.
- No watering of lawns, gardens, or plants between 9 a.m. and 5 p.m. except from a hand-held hose, container, or drip irrigation system.
- Flat rate water customers must establish metering if possible.

# City of Aspen Commitments:

- Watering of golf courses and parks will be managed to achieve the reduction in water use.
- No new water connections will be authorized, except users with wells that have run dry.
- Increases in water rates for Tier 3 & 4 users.
