# City of Aspen Year-to-Date Financials

## **Overview**

As required by section 9.13(c) of the City of Aspen Municipal Charter, this month end financial status report provides a snapshot of the City's budgetary and investment status.

This report is intended as a policy-level document for overall review of the City's fiscal condition and how that condition relates to major budget issues. It is intended for the use of the City's agency and department directors and key staff in each department with budget management responsibilities. As indicated by the charter section noted above, it is also intended for use by the Council.

## **How To Use This Document**

As noted in the table of contents, this report is presented in fund number order. Therefore, departmental information may be found in more than one place. The Streets Department, for example, will find its financial information in two places. The General Fund section includes the Streets Department's operations. The Asset Management Fund includes capital programs in process for the Streets Department.

This report provides summarized financial information. More detailed information is available for each department through the City's financial system. Detailed revenue and expenditure reports and balance sheets can be printed out by fund or by transaction. If assistance is needed in accessing this information, Finance Department staff can assist in finding the information.

## **Financial Summary**

This report provides a preliminary year-to-date assessment of the City's budgetary condition. Major revenue sources as well as year-to-date expenditures for all funds are presented on the modified accrual basis.

The following two pages provide a summary of the year-to-date revenues and expenditures versus budget. Where current revenues are exceeded by appropriation authority, sufficient unrestricted beginning cash balances exist and have been approved for use by City Council to cover these costs.
